

## **Student Fund-Raising Activities**

Student fund-raising activities shall be limited to established and recognized school organizations which can validate a requirement for funds beyond those provided by the organization's normal funding sources.

To undertake a fund-raising activity, the student organization must present a proposal to the school principal or designee. The proposal shall be reviewed by the principal or designee and submitted to the superintendent, who will bring it to the attention of the Board.

Students in kindergarten through grade six may not participate in school-related door-to-door campaigns.

The Board specifically grants permission for representatives of senior high newspapers published through regular journalism classes and senior high annuals to seek funds from local business and community members for advertisements and/or sponsors to support these publications. Such solicitations shall be closely supervised by the publication's sponsor.

Participation in student fund-raising activities shall be voluntary and subject to written parental/guardian consent.
