

PARENT PORTAL USER AGREEMENT

Infinite Campus Parent Portal ("Parent Portal") is a tool for parents to access online, timely, and secure information about their children. Each parent or legal guardian is provided with his/her own unique portal activation key for creating a user login and password for the Parent Portal. By activating the user account, parents/guardians agree to abide by and support the terms of use and user expectations set forth in this document.

SECTION I: User Expectations

The Internet and secure web access have altered the ways that confidential information may be accessed, communicated, and transferred. Those changes are influencing instruction and student learning. The Mapleton School District ("District") supports access by students, parents/guardians, teachers, and administrators to informational resources that will improve participation in a child's education and improve communication between students, parents/guardians, teachers, and administrators.

The District manages student information electronically on a secure Internet site. The District will make certain student education data available for viewing over a secure Internet connection only to authorized parents/guardians. Parents/guardians agree to comply with the terms set forth in this Agreement.

A) Rights and Responsibilities

This access is a free service offered to all current and active parents/guardians of Mapleton Public Schools students. Access to student information over the Internet is a privilege, not a right. Only after a family has enrolled their child(ren) in the District will a parent/guardian be authorized to activate a Parent Portal account. Once a student withdraws or graduates from the District such access will be deactivated. Parents/guardians and staff must understand and practice proper and ethical use.

B) Information Accuracy Responsibilities

Information accuracy is the joint responsibility of District, parents/guardians, and students. Each school will make every attempt to ensure information is accurate and complete. If a parent/guardian or student discovers any inaccurate information, they will notify their school immediately.

C) Accessible Information

The District reserves the right to discontinue the use of the Parent Portal at any time. The Parent Portal will be piloted with limited functionality. The District reserves the right to add, modify or delete functions viewed via the Parent Portal at any time without notice, including, but not limited to, the functions listed below:

D) Parent Portal Access Agreement

Each parent/guardian must complete the User Agreement Form below and agree to be bound by this Parent Portal User Agreement. After so agreeing, the District will verify the information on the User Agreement Form. Upon verification, the District will provide the parent/legal guardian with his/her own unique portal activation key for creating a user login and password to view information relating to the child(ren) of the parent/legal guardian identified in the current District records. The District, in its sole discretion, reserves the right to request that a parent/guardian bring photo identification to the school in order to verify his/her identity should any question arise concerning the validity of the acceptance of this Agreement.

E) Use of Parent Portal

Parents/guardians are required to adhere to the following guidelines:

- 1) Parents/guardians agree to act in a responsible, ethical, and legal manner.
- 2) Parents/guardians will not attempt to harm or destroy the school, the district's data, or networks.
- 3) Parents/guardians will not attempt to access information concerning any students other than that of their own child(ren) or any account assigned to another person.
- 4) Parents/guardians will not use the Parent Portal or the District's networks for any illegal activity, including, but not limited to violation of Federal and State Data Privacy laws. Anyone found to be in violation of these laws will be subject to civil and/or criminal prosecution.
- 5) Parents/guardians who identify a security problem within the Parent Portal must notify their school immediately, without demonstrating the problem to anyone else.
- 6) Parents/guardians will not share their password or allow anyone other than themselves to use their Parent Portal account, including their own child(ren).
- 7) Parents/guardians will not set any computer to automatically log in to the Parent Portal.
- 8) Parents/guardians will log out of their Parent Portal user account when they are not at their computer.
- 9) Parents/guardians identified as a security risk will be denied access to the site.

F) Security Features

- 1) Access is made available through a secure Internet site. Account holders are responsible for not sharing their passwords and to properly protect or destroy any printed or electronic documentation generated from or about the Parent Portal site.
- 2) Three unsuccessful login attempts will disable the user's account. Until the school has verified the assigned user to the locked account, the account will remain locked. In order to use the account again the user will need to contact the school office.
- 3) The users will be automatically logged off if they leave their web browser open and inactive for a period of time.
- 4) The parent/guardian account will be permanently deactivated when his/her children have either withdrawn or graduated from Mapleton Public Schools, or a court action denies the parent/guardian access to his/her child's information.

G) Limitation of School District Liability

The District will use reasonable measures to protect student information from unauthorized viewing. THE DISTRICT WILL NOT BE LIABLE FOR UNAUTHORIZED USE OF THE DISTRICT'S SYSTEM OR INTERNET. The District does not promise any particular level or method of access to the Parent Portal for viewing student information. The District will not be responsible for actions taken by parents/guardians or students that compromise their student information. The District reserves the right to limit or terminate the Parent Portal for viewing student information without notice. All parents/guardians who use the parent portal to access their child(ren)'s information consent to electronic monitoring and understand that they are granted access to a private network used as an educational tool by the Mapleton Public School District employees and students. Account activity is electronically recorded.
