### **Program Description**

1st Advantage Tutoring is the right choice to help your child improve their skills in reading and math. Students gain over a year (1.2) grade level in reading and they gain over a year and a half (1.5) grade level in math when they complete the allotted tutoring program. Why does 1st Advantage work so well? Your child receives high-quality, individualized instruction from degreed and experienced teachers that know the Colorado State Standards. Tutoring is structured for your child's needs and based on the components of reading and math that research says work. All tutors go through training on these proven strategies so they have the ability and knowledge to help your child. Your child receives tutoring in small groups of 3-5 students. Students receive a minimum of 2 hours of tutoring each week, over a 3 month period. Communication is important, so the school, the parents, and tutors work together. Parents receive ongoing, written feedback every three weeks on the progress of their children. Advantage Tutoring Services works with you for student success. Call 720-556-5553 or email info@advtutor.com 1st Advantage Tutoring (La Primera Aventura Tutela) deseamos ser su selección por tutoría gratuita! Es verdad que somos los mejores a dar lecciones particulares. Escoja La Primera Aventura Tutela! Estudiantes hacen progreso más que un año en el tiempo que están en tutoría. Instrucción que apoya la instrucción de la clase de sus niños! Instrucción en inglés en grupos chicos con no más de cinco alumnos. Ofrecemos tutoría con maestros de su comunidad con licencia y experiencia. Tutoría antes o después de escuela o durante los vacaciones. Para conseguir tutoría gratis y registrar sus niños, hablen con el director de la escuela o con la maestra de sus niños. Pueden llamar número gratis, a la señora Michelle Atencio, al número (1-866-305-3700). También pueden escribir a info@advtutor.com

### **Service Summary**

Location of service delivery	School, public facilities or library
If service delivery is not at the student's school, is transportation provided, and if yes, is there a separate fee?	No transportation provided

**Program Description**

A to Z In Home Tutoring provides one on one instruction in the comfort and convenience of a student's home or alternate location of your choosing. All students are pretested to determine exactly what specific math and/or reading skills your child needs help with. Periodic mini assessments are used to monitor the student's growth. During the final session a post test is given to measure the overall gains of the child and the new academic skills they have achieved. Students who complete our program typically gain 7 new math and 7 new reading skills. Strong teaching backgrounds and understanding of children's needs enables our qualified tutors to develop learning skills, polish self-esteem, boost confidence and enhance motivation. A to Z In-Home tutoring ofrece en forma personal tutoria uno-de-uno en la comodidad y conveniencia del hogar del estudiante. Tambien ofrece tutoria en pequenos grupos de 3 a 5 estudiantes en una ubicacion alternative conveniente. Todos los estudiantes son pre-evaluados para determinar exactamente en que nivel de matematicas y/o habilidades de lactura expecifica necesitan ayuda su nino/a. Periodicamente las mini-evaluaciones se utilizan para supervisar el progreso del estudiante. Durante la sesion final una post-evaluacion se la dara. Para medir los progresos generales del nino/a y de las nuevas habilidades academicas que han alcanzado. Los estudiantes que completan nuestro programa tipicamente adquieren 7 nuevos niveles de matematicas y 7 de lectura. Las previas ensenanza y el entendimento de las necesidades de los ninos permite a nuestros profesores particulares calificar para desarrollar habilidades para aprender, pulir su auto-estima, estimular confianza y realzar la motivacion.

**Service Summary**

Location of service delivery	School, home, library, community center, or alternate location chosen by parent/guardian.
If service delivery is not at the student's school, is transportation provided, and if yes, is there a separate fee?	No transportation provided
Type of certification of	Teaching certified or 60+ college credit hours

instructors	
Minimum number of students needed in order to provide services	5 student(s)
Maximum number of students able to be serviced at any particular location	150
Individual or small group	Individual and Small Group
Recommended length of each tutoring session	60-120 mins
Recommended number of sessions per week	1-2 session(s) per week
Recommended length of program	16-27 hrs (depending on PPA)
Approximate cost of program per student	\$55 per hour
Grade levels served	K-12
Tutoring available in Reading and/or Math	Reading and Math
Specifics of reporting to parents & school (format, frequency, method of communication)	Tutors are strongly encouraged to meet face-to-face with the parents or group chaperone each time they have a tutoring session and spend time "debriefing" them on the progress that is being made toward the child's goals. Written progress reports are provided to the family at the beginning and end of the contracted period to show the gains of the child. Parents/guardinans are contacted multiple times during a contracted period and are surveyed at the conclusion of tutoring to ensure customer satisfaction. When requested, schools receive monthly summary reports on what the tutor is doing with the child in each session. A continuous dialogue between school and tutor is extremely important to the success of our porgram.
Special accommodations for diverse populations	Limited English Proficient, Students with Disabilities, Other: Mild LD.

**Program Description**

A+ In Home Tutoring provides highly individualized tutorial services to students grades K-12 in reading and mathematics. Services are designed to meet the educational needs of all students including students with disabilities and English Language Learners. This method of individualizing instruction is highly effective in raising student achievement levels. For this reason A+ In Home Tutoring provides services one-on-one, in home as a primary teaching method. This prevents the need for transportation on behalf of the parent and allows them to set their own schedule directly with the tutor preventing unnecessary cancellations and allowing for consistent sessions so students can maximize achievement results. Sessions take place 1-3 times per week with session length ranging from 1-2 hours as determined by parent/guardian preference. The A+ In Home Tutoring program has proven to be effective especially with underachieving students.

**Service Summary**

### **Program Description**

A+ Learning provides lots of options for families! Students can receive personalized instruction in reading and/or math. Our program is taught at the school site usually right after-school. Parents need to make arrangement to pick up their children after the tutoring session, as transportation is not provided. If you'd rather have your child tutored at home because picking up your child after tutoring is a challenge (or for any reason), we also have tutors available to come to your home or your preferred public location at times convenient for the family. Sessions are usually 60 to 90 minutes long. Our tutoring program targets the individual student's needs in order to improve success in the classroom and achieve state standards. Parents receive progress reports in person. ¡A+ Learning Solutions ofrece muchas opciones para familias! Los estudiantes pueden recibir instrucción personalizada en lectura y/o matemáticas. Nuestro programa generalmente se lleva a cabo después de clases en la misma escuela del estudiante. Los padres deben hacer arreglo para recoger a sus niños después de la sesión de tutoría, porque no proveemos transporte. Si prefiere que su hijo(a) tome estas clases de ayuda en casa porque le es difícil recoger a su niño después de clases (o para cualquier razón), nosotros tenemos a tutores disponibles para ir a su hogar o a su ubicación pública preferida a horas convenientes para la familia. Las sesiones son generalmente duran de 60 a 90 minutos. Nuestro programa se concentra en las necesidades individuales del estudiante debe mejorar éxito en el aula y lograr estándares de estado. Los padres reciben informes sobre el progreso del estudiante.

### **Academic Coaching Institute**

Contact: Kathryn Lotito Voorhees  
Address: 11285 San Joaquin Ridge, Littleton, CO 80127  
Phone: (720) 207-4686  
E-mail: ACI\_K12@comcast.net  
Website: ACADEMICCOACHINGK12.COM

### **Program Description**

Academic Coaching Institute will work with your student in both math and reading or just one of the subjects. If your student only needs help in math, the entire tutoring session will be spent on math. If your student needs both subjects, the tutor will work with your student on both subjects.

If it is reading, the tutor will just focus on reading for the sessions. Tutors use proven and research based materials to improve the skill level of your student. When your student attends every session and completes the program, he or she will gain a one year grade level. For example, if your student's pre test shows a grade level of 3.5 in math, the post test for most students would show a grade level of 4.5 in math. Your student will receive a minimum of 2 hours of tutoring each week. Your student and your family will need to be committed to attendance to the program for success.

**Service Summary**

#### **Program Description**

ALA CARTE LEARNING ASSOCIATES is well-known for our ability to create successful learners of all ages. Our curriculum stands above all others in the decades of research it has behind it, with a well documented track record of student success! We offer classes in reading and math. In addition, we can teach English to ELL students if desired. We are the only ones who use a reading curriculum that not only meets all requirements of the National Reading Panel, but is one of only a few nationwide that is approved for use in Reading First Schools!! This elite status allows us to meet and/or exceed all Colorado based standards and meet the Colorado Basic Literacy Act proficiencies. Our math curriculum is based on standards from the National Council of Teachers of Mathematics. Our instructors not only teach basic computational skills, but the concepts which are critical to truly understanding math. This understanding allows for critical thinking, mathematical problem solving, and relating math to real world problems. Our language program allows non-native English students to acquire English at a faster rate than most. It not only teaches basic language, but prepares students in how to apply their newly learned language in a variety of situations. It allows them to become better students due to increased comprehension and thinking skills. We find students like to come to our program, because they feel rapid success, usually in the first few sessions. In addition, our teachers are caring and compassionate, highly trained, and have the students' best interests at heart! ALA CARTE LEARNING ASSOCIATES es muy conocido por nuestra capacidad para crear éxito en el aprendizaje de todas las edades. Nuestro plan de estudios está por encima de todos los demás en las décadas de investigación que tiene detrás de sí, con una trayectoria bien documentada de éxito del estudiante! Ofrecemos clases de lectura y matemáticas. Además, podemos enseñar Inglés a estudiantes

de ELL si lo desea. Somos los únicos que utilizan un currículo de lectura que no sólo cumple con todas las exigencias del Panel Nacional de Lectura, pero es uno de los pocos en todo el país una que esté aprobado para su uso en primera lectura Escuelas! Este estatus de élite nos permite conocer y / o exceden todos los estándares basados en Colorado y satisfacer las Alfabetización Básica de Colorado Competencia con la Ley. Nuestro plan de estudios de matemáticas se basa en las normas del Consejo Nacional de Profesores de Matemáticas. Nuestros instructores no sólo enseñan las habilidades básicas de cómputo, pero los conceptos que son fundamentales para una verdadera comprensión de las matemáticas. Este entendimiento permite el pensamiento crítico, solución de problemas matemáticos, y sobre matemáticas a los problemas del mundo real. Nuestro programa permite el lenguaje nativo de Inglés los alumnos-no para adquirir Inglés a un ritmo más rápido que la mayoría. No sólo enseña el idioma básico, pero prepara a los estudiantes sobre cómo aplicar su nuevo idioma aprendido en una variedad de situaciones. Les permite ser mejores estudiantes debido al aumento de la comprensión y las habilidades de pensamiento. Encontramos a los estudiantes como para venir a nuestro programa, porque se sienten rápido éxito, por lo general en las primeras sesiones. Además, nuestros profesores son cariñosos y compasivos, altamente capacitados, y que los estudiantes los mejores intereses en el corazón!

### **Program Description**

ATS Project Success offers eligible K-12 students tutoring in English language arts (including reading) and mathematics. We offer services online in the comfort and safety of each student's home with a loaned, pre-programmed computer and dial-up Internet service at no cost. We assess students to determine each student's instructional level and learning objectives. Next, we adjust the curriculum to provide activities at the appropriate level for the student. We encourage students to complete two one-hour session per week. Our staff monitors student progress online and follows-up with calls to the student and his/her parents once each week. We also provide parents with monthly written reports (English/Spanish/Hmong) and work with schools and teachers to make sure the student's efforts in our program from Pearson Learning and grade 9-12 students use the Odyssey program from CompassLearning. ATS Project Success ofrece tutoria en el arte del idioma ingles (incluyendo lectura) y matematicas a estudiantes de Kinder a Doceavo grado (K-12) que cuenten con los requisitos. Ofrecemos servicio en linea en las comodidad y seguridad del hogar de cada estudiante con una computadora prestada y pre-programada con servicio de internet via telefonica (dial-up) sin costo alguno. Evaluamos a los estudiantes para determinar el nivel educativo y los objetivos de aprendizaje de cada uno de ellos. Despues, ajuntamos el plan de estudios para proveer actividades apropiadas al nivel educativo del estudiante. Recomendamos a los estudiantes completar por semana dos sesiones de una hora de trabajo cada una. Nuestros tutores monitorean el progreso del estudiante en linea y realizan una llamada telefonica al estudiante y sus padres cada semana. Tambien

proporcionamos a los padres reportes por escrito (Ingles/Espanol/Hmong) y trabajamos con la escuela y maestros para asegurarnos que es esfuerzo del estudiante en nuestro programa a la vez esta ayudando a su superacion en wl salon de clase. Estudiantes de Kinder a octavo grado (K-8) usan el programa de SuccessMaker de Pearson Learning y de noveno a doceavo grado (9-12) usan el programa Odyssey de Compas Learning.

### **Program Description**

Do you know a student who struggles with reading, spelling or writing? Is your student learning English as a second language? Does your child have difficulty remembering and following directions? Does your student have difficulty paying attention? Is your student reading on grade level or in a Gifted/Talented program? The Center for Hearing, Speech and Language has successfully used the Fast ForWord program in after school and clinical settings. Fast ForWord improves memory, attention, understanding of language and organization/planning skills rapidly using a scientifically-designed computer program. Our program benefits all students: the average learner, the struggling learner, the second language learner and the Gifted/Talented learner. Our students' average improvement in reading skills was 7 months in 8-10 weeks' time. Students must participate 90 minutes/day, 4 days/week for 8-10 weeks. Parents attend three, 60-minute parent sessions and receive written progress updates throughout the program. Su estudiante tiene problemas con la lectura, el deletreo o las escritura? Su estudiante aprende ingles como segunda idioma? Su nino/a tiene dificultad a recordar y seguir las direcciones? Su estudiante tiene dificultad a poner la atencion? Su estudiante lee al nivel del grado o asiste a un programa de talento? El Centro Auditivo, Habla y Lenguaje ha utilizado con buen resultad el programa de Fast ForWord en programas despues de la escuela y en los programas clinicos. Fast ForWord mejora rapidamente la memoria, la atencion, el entendimiento del idioma y las organizacion/habilidades del planeamiento, usando un programa de la computadora cientificamente disenado. Nuestro programa beneficia a todos los estudiantes principiantes regulares, alumnos con problemas en aprendizaje, alumnos que aprenden un segundo idioma (ingles), y alumnos con habilidades talentosas. El duracion recomendada para cada sesion detuto es 90 minutos. En promedio, nuestros estudiantes avanzan 7 meses en lectura durante una sesion de 8-10 semanas.

### Service Summary

Location of service delivery	School, other: depends on site contract
If service delivery is not at the student's school, is transportation provided, and if yes, is there a separate fee?	No transportation provided
Type of certification of instructors	Certified and/or graduate level master teachers and paraprofessionals
Minimum number of students needed in order to provide services	15 student(s)
Maximum number of students able to be serviced at any particular location	250
Individual or small group	Small Group
Recommended length of each tutoring session	90 mins.
Recommended number of sessions per week	4 session(s) per week
Recommended length of program	53
Approximate cost of program per student	per individual district guidelines
Grade levels served	K-8
Tutoring available in Reading and/or Math	Reading
Specifics of reporting to parents & school (format, frequency, method of communication)	3 parent meetings, individual meetings upon request and written progress charting
Special accommodations for diverse populations	Limited English Proficient, Students with Disabilities. Other: Gifted & Talented, Average Learner

### Program Description

Club Z! offers two programs of SES instruction for students in grades K-12 that are available state-wide in all qualifying districts: Club Z! one-on-one in-home tutoring services; and Club Z! Choice (small group instruction). Club Z! Instructional materials may include, but are not limited to, workbooks, books/reading materials. Club Z! provides all

materials needed for tutoring thereby eliminating any potential financial hardship for the parent(s)/guardian(s). The student to teacher ratio is 1:1 (in-home) and 1:5 for small groups. Club Z! Choice small group tutoring sessions are held at the student's school (where applicable) or other convenient public location such as a public library. All ClubZ! Instructors include certified teachers, degreed professionals with Doctorate, Masters, Bachelors, and/or Associates degrees, and/or individuals with a minimum of 60 hours of college credit. ClubZ! Has widespread experience in working with academically at-risk students, students with disabilities, and students with limited English proficiency. Club Z! ofrece dos programas de instruccion de SES para estudiantes en grados K-12 que estan disponible a todo el estado: ClubZ! ofrece clases privadas uno a uno en el hogar; ClubZ! Choice (instruccion a grupos pequenos). ClubZ! materias instruccionales incluyen, cuadernos, y/o materiales de lectura. Club Z! proporciona todos los materiales necesarios para dar clases privadas con lo cual elimina cualquier dificultad financiera potencial para el padres(s). Club Z! Choice que da clases a grupos pequenos de instruccion en la escuela del estudiante u otra ubicacion publica conveniente como una biblioteca publica. Todos los instructores de Club Z! son maestros certificados, profesionales, con Doctorado, Maestrias, Asociados, y/o los individuos con un minimo de 60 horas de credito universitario. Club Z! tiene una amplia experiencia en trabajar con estudiantes academicamente en peligro, los estudiantes con incapacidades, y con los estudiantes con ingles limitado.

### Service Summary

Location of service delivery	School, home, other: public locations that are conducive to learning and convenient to public transportation, such as libraries and community centers.
If service delivery is not at the student's school, is transportation provided, and if yes, is there a separate fee?	No transportation provided
Type of certification of instructors	Minimum 60 hours college credits
Minimum number of students needed in order to provide services	1 student(s)
Maximum number of students able to be serviced at any particular location	5,000
Individual or small group	Individual and Small Group
Recommended length of each tutoring session	60 mins.
Recommended number of sessions per week	1-3 session(s) per week
Recommended length of program	15-30 hours
Approximate cost of program per student	\$879.78-\$1,854.43 per student
Grade levels served	K-12
Tutoring available in Reading and/or Math	Reading and Math
Specifics of reporting to parents & school	Monthly progress report will be either hand-

(format, frequency, method of communication)	delivered, emailed, or mailed to Parents, schools, and districts.
Special accommodations for diverse populations	Limited English Proficient, Students with Disabilities

**Program Description**

Dreamcatcher Direct Instruction Centers is well-known for our ability to create successful learners of all ages. Our curriculum stands above all others in the decades of research it has behind it, with a well documented track record of student success! We offer classes in reading and math. In addition, we can teach English to ELL students if desired. We are the only ones who use a reading curriculum that not only meets all requirements of the National Reading Panel, but is one of only a few nationwide that is approved for use in Reading First Schools!! This elite status allows us to meet and/or exceed all Colorado based standards and meet the Colorado Basic Literacy Act proficiencies. Our math curriculum is based on standards from the National Council of Teachers of Mathematics. Our instructors not only teach basic computational skills, but the concepts which are critical to truly understanding math. This understanding allows for critical thinking, mathematical problem solving, and relating math to real world problems. Our language program allows non-native English students to acquire English at a faster rate than most. It not only teaches basic language, but prepares students in how to apply their newly learned language in a variety of situations. It allows them to become better students due to increased comprehension and thinking skills. We find students like to come to our program, because they feel rapid success, usually in the first few sessions. In addition, our teachers are caring and compassionate, highly trained, and have the students' best interests at heart! Dreamcatcher Direct Instruction Centers es muy conocido por nuestra capacidad para crear éxito en el aprendizaje de todas las edades. Nuestro plan de estudios está por encima de todos los demás en las décadas de investigación que tiene detrás de sí, con una trayectoria bien documentada de éxito del estudiante! Ofrecemos clases de lectura y matemáticas. Además, podemos enseñar Inglés a estudiantes de ELL si lo desea. Somos los únicos que utilizan un currículo de lectura que no sólo cumple con todas las exigencias del Panel Nacional de Lectura, pero es uno de los pocos en todo el país una que esté aprobado para su uso en primera lectura Escuelas! Este estatus de élite nos permite conocer y / o exceden todos los estándares basados en Colorado y satisfacer las Alfabetización Básica de Colorado Competencia con la Ley. Nuestro plan de estudios de matemáticas se basa en las normas del Consejo Nacional de Profesores de Matemáticas. Nuestros instructores no sólo enseñan las habilidades básicas de cómputo, pero los conceptos que son fundamentales para una verdadera comprensión de las matemáticas. Este entendimiento permite el pensamiento crítico, solución de problemas

matemáticos, y sobre matemáticas a los problemas del mundo real. Nuestro programa permite el lenguaje nativo de Inglés los alumnos-no para adquirir Inglés a un ritmo más rápido que la mayoría. No sólo enseña el idioma básico, pero prepara a los estudiantes sobre cómo aplicar su nuevo idioma aprendido en una variedad de situaciones. Les permite ser mejores estudiantes debido al aumento de la comprensión y las habilidades de pensamiento. Encontramos a los estudiantes como para venir a nuestro programa, porque se sienten rápido éxito, por lo general en las primeras sesiones. Además, nuestros profesores son cariñosos y compasivos, altamente capacitados, y que los estudiantes los mejores intereses en el corazón!

### **Program Description**

Our after-school tutoring programs take place at each student's home on a computer and Internet connection that we provide for free (limit one computer per household). Our programs are taught by state-certified teachers, who log in to our online classroom to teach your child exactly the skills he/she needs. Because our tutoring sessions never have more than 3 students to one teacher, your child will get the personal attention he/she needs to do better in school. And when your child successfully completes the program, your family earns the right to keep the computer. Our programs in math and reading serve students in grades 3-12. Because of our personalized tutoring, individual attention, and certified teachers, Educate Online students have averaged more than one full grade level of growth during our programs.

### **Service Summary**

Location of service delivery	Online, live tutoring, in student's homes
If service delivery is not at the student's school, is transportation provided, and if yes, is there a separate fee?	No transportation provided
Type of certification of instructors	US-based, certified teachers with and at least 2 years of teaching experience
Minimum number of students needed in order to provide services	No minimum student(s)
Maximum number of students able to be serviced at any particular location	No maximum
Individual or small group	Individual
Recommended length of each tutoring session	60 mins.
Recommended number of sessions per week	2-4 session(s) per week

Recommended length of program	24-36 hours
Approximate cost of program per student	
Grade levels served	3-12
Tutoring available in Reading and/or Math	Reading and Math
Specifics of reporting to parents & school (format, frequency, method of communication)	Parents can access their child's account online to see his/her progress reports at any time. School districts are provided Program Update and Program Summary reports.
Special accommodations for diverse populations	Limited English Proficient, Students with Disabilities, Other: Low Income, Migrant students, 504 Students. *Students must be able to perform the necessary computer related functions.

### **Program Description**

EDUSS Learning provides software incorporating Mathematics, English/Language Arts and Phonics to Reading programs on a free laptop that the students are allowed to keep once they have completed 20 hours of tutoring. Students' weaknesses and skill gaps are individually pinpointed with our 3 dimensional Evaluation Engine. With our research-based system, students can be challenged in an exciting way that results in improved performance. EDUSS Learning provide software que incluye Matemáticas, Gramática de Ingles y Fonología de Lectura en una computadora portátil que los estudiantes reciben gratuitamente despues de 20 horas al fin del curso. Las debilidades académicas están identificado con nuestra programa. Con nuestra investigación-basada Solución, los estudiantes estan desafiando en una manera excitante que demuestra resultados improbando.

### **Program Description**

We provide individualized, one-on-one tutoring in a safe online environment. In order to serve the students from low- income families, we provide the laptop and Internet connection to take our classes, free of cost. Our tutors are experienced in their subjects and ensure that high quality instructions trigger maximum students' performance in minimum time. We cover Mathematics & reading for Grade 3 – 12. Our use of a "diagnostic-prescriptive" method, involves pre-testing, analyzing needs, writing a prescription to address those needs, and focusing tutoring activities on meeting specific goals.

### **Program Description**

Inspired Solutions is a company founded by teachers with expertise in literacy and English language acquisition. We are dedicated to helping students become successful readers and mathematicians. Our diagnostic online assessment automatically adjusts to student responses, creating a profile specific to each child. Online instruction is then based on that profile, so that it is not too hard or too easy—it's just right! Our online program offers hundreds of engaging, motivating instructional activities geared to a student's ability and age level, and as students master skills, instruction becomes more challenging to fit their needs. Our highly qualified tutors are an integral part of the program, providing one-on-one support and assistance to students as they develop independence and confidence. Parents and schools are able to readily see a child's progress through the many reports available. Parents have the added support of receiving at-home activities designed specifically for their child. We can provide tutoring in-home, at school, or at a public facility such as library.

Inspired Solutions es una compañía fundada por maestras con experiencia especializada en la lectura y la adquisición del idioma inglés. Estamos dedicadas a ayudar a los estudiantes tener éxito en la lectura y las matemáticas. Nuestra evaluación diagnóstica es online y adapta automáticamente a las respuestas de cada estudiante, haciendo un perfil específico a cada estudiante. Instrucción online es basada en el perfil para que no sea demasiado difícil o fácil—¡sea perfecto! Nuestro programa online ofrece cientos de actividades educativas que son interesantes, motivacionales, y dirigidas a las habilidades y la edad del estudiante. Cuando el estudiante llega a dominar las habilidades, la instrucción se hace desafiante para ser apropiada para el estudiante. Nuestros tutores calificados son un parte integral del programa, dando apoyo y ayuda uno-a-uno a los estudiantes mientras desarrollan independencia y confianza. Los padres y la escuela pueden ver el progreso del estudiante por los muchos reportes a disposición. Los padres también tienen el apoyo de recibir actividades estructuradas específicamente por su hijo para hacer en casa. Podemos dar los servicios de tutoría en casa, en la escuela, o en un lugar público como la biblioteca.

### **Program Description**

John Corcoran was a student who couldn't read when he was in school, although he was very bright. He learned to read only after he was 40 years old. Now, he wants to help students who have problems in school like he did, and help good students to reach their highest potential. This program helps students who are working in reading or math to improve their skills. Welltrained tutors will use materials that are right for each student-including worksheets, books, games, and computer programs. Students will be pre and post-tested to make sure that achievement improves significantly. Online services are available for students, and provide a computer and a one -to-one tutor. High quality software programs are provided to students to use independently at home. Then, a tutor will work with the students weekly using webconferencing programs, so that the student is provided with personal, individualized tutoring. John Corcoran era un estudiante que no podía leer cuando estaba en la escuela, aunque era muy inteligente. Aprendió a leer sólo después que tenía 40 años de edad. Ahora, él quiere ayudar a los estudiantes que tienen problemas en la escuela, como los tuvo el y ayudar a los estudiantes buenos a alcanzar su máximo potencial. Este programa ayuda a los estudiantes que están trabajando en lectura o matemáticas para mejorar sus habilidades. Tutores bien entrenados utilizarán materiales que son de derecho para cada estudiante-incluyendo hojas de trabajo, libros, juegos y programas informáticos. Los estudiantes serán evaluados antes y después para asegurarse que lo que han logrado siga mejorando significativamente. Servicios en línea están disponibles para estudiantes y proporcionan una computadora y un tutor. Programas informáticos de alta calidad se proporcionan a los estudiantes para que se utilize de forma independiente en la comodidad

de sus propias casas. A continuación, un tutor trabajará con los alumnos semanal con programas de conferencias web, para que el estudiante se proporciona con tutoría personal, individualizada.

### Service Summary

### **Program Description**

We are a non-profit organization that has been successful in providing tutoring for the past 4 years. Ninety-eight percent of our students in 2009 met their reading, math and ESL goals. K-12 students receive tutoring in Reading, Writing, and Math for 4 hours a week in 2-hour sessions, 1:1, small group instructional settings. Parent chooses which 2 days of the week their children will attend. Based on needs determined by pre-assessments, tutors provide 1 hour of reading and 1 hour of math or 2 hours of either reading or math. There are 2 tutors per session, either 2 teachers or 1 teacher and 1 assistant. We use Voyager's high quality, research-based reading and math materials, which include a blend of teacher-directed instruction and online practice, have been proven to raise student test score. Program use direct, explicit instruction and have been approved for use in Colorado's Closing the Achievement Gap initiative.

**Program Description**

L.I.F.E. Center is a dynamic organization dedicated to helping students become successful students. Highly qualified instructors work with students in individual and small group settings and tailor the goals and instruction to meet individual needs. Through our program, students develop a sense of independence and confidence by identifying goals, charting their growth, and progressing at their own pace. This approach allows them to take ownership of their learning and motivates them to succeed. The instruction provided is very individualized. Students' progress is constantly monitored and this information is used to modify reading goals. Communicating with parents and schools regarding students' progress is a key component, and bilingual staff can accommodate the needs of Spanish speaking families. If your child is struggling in reading, L.I.F.E. Center will give them the confidence and skills they need to succeed. L.I.F.E. Center es una organización dinámica dedicada a ayudar a los estudiantes en tener éxito. Instructores muy preparados trabajan con estudiantes individuales o en grupos pequeños y planean metas e instrucción específicamente para satisfacer las necesidades educativas de cada estudiante. Con nuestro programa, los estudiantes desarrollan un sentido de independencia y confianza en sí mismo por identificar metas, registrar gráficamente su crecimiento, y progresar a su propia velocidad. Este enfoque les permite tomar propiedad de su propio aprendizaje y les motiva en tener éxito. Como cada estudiante trabaja en su propio nivel de habilidades, la instrucción que proveamos es muy individualizada. El progreso de los estudiantes es observado constantemente y esa información está usada por modificar sus metas de lectura. Comunicar con los padres y con la escuela en lo que se refiere al progreso de los estudiantes es un factor clave, y tenemos empleados bilingües que pueden acomodar las necesidades de las familias que hablan español. Si su hijo tiene dificultades en la lectura, L.I.F.E. Center les da la confianza y las habilidades que necesitan para tener éxito.

**Program Description**

Students are tutored 4 hours per week in reading or math. The SpellRead Program is implemented for reading instruction. This research based program effectively improves students' decoding and fluency skills. The average growth median is 65% for students who participate in this tutoring program. The Camelot Math Intervention is implemented for math instruction. This manipulative based program is used to improve students' skills in the math strands of Number Sense, Computation, Fractions and Decimals and Geometry. 64% of students who participate in this program demonstrate at least average growth on nationally normed assessments.

**Program Description**

Our tutoring program offers students up to 26 hours of free instructional tutoring. The average student will attend two sessions of two hours each per week; therefore, the average student should finish the program within seven weeks from their initial session. Tutoring sessions either take place in a one on one instructional setting, or in a group with no more than a one (1) to seven (7) tutor/student ratio. This group size is big enough to be intellectually stimulating and socially supportive while small enough to enable each individual to feel important and responsible. In the small group tutoring model students are active participants in their own educational program.

### Program Description

Cool Kids Learn helps provide children with the academic skills and the love of learning they need to succeed in school and life. Personalized tutoring is in small groups in Reading/Language Arts or Math for K-12th grades, at schools, public libraries and community centers. We design each program for each child's individual academic needs and his/her individual learning style. Children work with our qualified and experienced tutors on their Individual Learning Plans. CKL has tutored in Supplemental Educational Services for five years, and is now operating in 10 states. Using our own Steps to Success™ curriculum, we have measured performance by pre-testing and post-testing students. These tests were given nationally to check accuracy and effectiveness. Scores were also compared with state tests given to the same students. Over the past five years, 95% of our students have improved their performance with gains of up to 40%. A Cool Kids Learn, ayudamos los niños a avanzar sus habilidades académicas y promovemos el gusto de aprender para tener éxito en la escuela y la vida. Una tutoría personalizada se ofrece en pequeño grupo en Lectura/Artes Lingüísticas o Matemáticas para los grados K-12, en las escuelas, bibliotecas y centros comunitarios. Cada programa es diseñado según las necesidades del estudiante y su estilo individual de aprender. Los estudiantes trabajan con profesores experimentados y calificados para hacer progreso con sus planes individuales. Hemos ofrecido las tutorías en el programa de Servicios Educativos Suplementarios durante cinco años. Hoy día, estamos trabajando con estudiantes en diez estados. Nuestro programa, "Steps to Success™", con sus pre- y post-evaluaciones ha sido utilizado a través del país y su eficiencia fue confirmado por resultados comparadas con exámenes estatales. A través de los cinco años pasados, 95% de nuestros estudiantes han mejorado sus habilidades con rendimiento hasta 40%.

**Program Description**

READ, READ, READ LLC offers an individualized program for students who are reading below grade level. The program goal is for students to develop the reading strategies that they need in order to gain meaning from appropriate level text. Reading sessions incorporate leveled reading materials, computer skills practice, and effective research-based strategies. Reading texts and “quick reads” include fiction, nonfiction, poetry, mystery, biography, and other genre. Assessments are used for student reading plans and to show student reading progress. READ, READ, READ LLC (Leer, Leer, Leer) ofrece un programa individualizado para alumnos que estén leyendo por debajo de su nivel escolar. El objetivo del programa es que los estudiantes desarrollen las estrategias de lectura que necesitan para conseguir el entendimiento del texto apropiado a su nivel. Las sesiones de lectura incluyen libros nivelados, practica en la computadora, y estrategias científicas efectivas. Leyendo los textos y “aprisa lee” incluyen la ficción, el nonfiction, la poesía, el misterio, la biografía, y el otro género. Los gravámenes se utilizan para los planes de la lectura del estudiante y demostrar progreso de la lectura del estudiante.

**Program Description**

Description of Program: Summit Learning is an established tutoring company who has been successfully providing education services, including SES tutoring, since 2006. Summit offers tutoring to all students, including Limited English Proficiency and Students with Disabilities. We offer one to one tutoring or small group sessions (maximum 6:1 ratio) in reading and mathematics. Summit only hires experienced (two years classroom experience or more) and certified Colorado educators to maximize student achievement. Our base curriculum consists of material especially written for Colorado students and is fully aligned with all of the state standards. Summit utilizes technology to supplement their base curriculum, along with hands on activities to better enhance learning. Our company hires educators that ensure they address each child’s learning style and works with the parents, classroom teacher, administrators, and other school personnel to make sure that we understand the student’s needs. Together we work to help each child reach their full potential. Descripción del Programa: “Summit Learning” es una comprobada compañía de tutoría que ha tenido suceso en proporcionar servicios de educación, incluyendo tutoría de SES, desde 2006. “Summit” ofrece tutoría a todos los estudiantes, incluyendo estudiantes con Inglés limitado y estudiantes con discapacidades de aprendizaje. Ofrecemos tutoría uno a uno, o en sesión de grupos pequeños. (proporción máxima de 6:1) en Lectura y Matemáticas. Summit solo contrata educadores con experiencia (mínimo 2 años de experiencia en la clase) y educadores certificados en Colorado para elevar al máximo el aprendizaje de los estudiantes. Nuestro programa de estudios consiste de material creado especialmente para estudiantes de Colorado y está totalmente alineado con todos los criterios estatales. “Summit” utiliza tecnología para complementar el programa de estudio básico en conjunto con actividades manuales para mejorar el aprendizaje. Nuestra compañía contrata educadores que se aseguran de tomar en cuenta el estilo de aprendizaje de cada alumno y trabaja con los padres, profesores en la escuela, administradores, y todos los demás departamentos de la escuela para asegurar que se entiendan las necesidades del estudiante. Juntos trabajamos para ayudar a que cada niño alcance su potencial.

### **Program Description**

Sylvan Learning Centers have provided tutoring to more than two million students for over

30 years. Sylvan uses a proven process that inspires children to learn. Based on an initial diagnostic assessment, we pinpoint the skills that each student needs to learn. We personalize a plan that teaches them exactly what they need. We make sure each new skill is mastered before moving on, tracking every step of progress. Each student sees them self mastering new skills and discovers how capable they really are. We help each student reach their fullest potential.

### **Program Description**

Sylvan Learning Centers have provided tutoring to more than two million students for over 30 years. Sylvan uses a proven process that inspires children to learn. Based on an initial diagnostic assessment, we pinpoint the skills that each student needs to learn. We personalize a plan that teaches them exactly what they need. We make sure each new skill is mastered before moving on, tracking every step of progress. Each student sees them self mastering new skills and discovers how capable they really are. We help each student reach their fullest potential. Por más de 30 años, los centros de aprendizaje Sylvan han ayudado a más de dos millones de estudiantes, a través de un proceso probado que los inspira a aprender y a reforzar las diferentes áreas del conocimiento. Para detectar las áreas de oportunidad, Sylvan aplica un examen inicial, los resultados de este examen son la base del plan de estudios y de trabajo personalizado que guiará su aprendizaje. Seguimos de cerca y registramos el avance que cada alumno logra, siempre asegurándonos del dominio de un tema antes de seguir con el programa. Este proceso nos permite compartir con el alumno el avance logrado, ayudándolo a descubrir sus capacidades, a desarrollar su máximo potencial y a fomentar la confianza en sí mismo.

### **Program Description**

Sylvan Learning Centers have provided tutoring to more than two million students for over 30 years. Sylvan uses a proven process that inspires children to learn. Based on an initial diagnostic assessment, we pinpoint the skills that each student needs to learn. We personalize a plan that teaches them exactly what they need. We make sure each new skill is mastered before moving on, tracking every step of progress. Each student sees them self mastering new skills and discovers how capable they really are. We help each student reach their fullest potential.

### **Program Description**

TCYonline.com provides one-on-one LIVE online Math tutoring through the computer and internet. Students and tutors are logged in from their respective computers and tutoring is done in real time through Whiteboard technology. Students and tutors can text chat, talk to and listen to each other. The company has been tutoring K-12 students for over 4 years now. We take the Pre-Assessment Test of the student, note down his areas of improvement and set goals and objectives to be achieved. Then our one-on-one online live tutoring ensures that the student is getting full attention. Our regular Progress Tests monitor the progress of the students and identify the areas where he/she needs more attention. Our regular students have shown almost 15-20% improvement with one month of unlimited tutoring. We are now poised to replicate the same success to Colorado students.

### **Program Description**

Tutoring Club uses the most advanced curriculum in tutoring combined with a positive learning environment, resulting in more learning per hour. A complete battery of tests is given to show a picture of the academic strengths and weaknesses. Those results are compiled to create an individualized program for each child. Tutoring Club programs are based on specifically identifying skill gaps and help to close them which results in academic success. We maintain low student to tutor ratios so every student receives a wealth of individualized instruction from qualified tutors who are committed to each child's success. Tutoring Club tutors strive to pinpoint problems and track required skills to correct them. Our successful motivational system provides a positive incentive for each child to keep trying. Tutoring Club tutors work with students' classroom teachers to ensure success at school. Parents and tutors are partners in each child's success. Regular conferences keep parents informed of their child's progress.

### **Program Description**

The Tutoring Club of Westminster provides individualized programs in reading, math, and writing based on an initial diagnostic test designed to pinpoint specific gaps in your child's knowledge. Your child will work face to face with highly qualified and licensed professional educators to ensure that he or she receives personal instruction to build both skills and confidence. Mini-assessments will be given throughout a student's program to

monitor progress. We will give a post-test during a student’s last session to determine growth in specific skill areas. Our tutors are all experienced educators who are trained to teach a variety of different subjects with skill and patience. Our company guarantees that after 32 hours, your student will have improved one grade level per subject.
