More Choices. More Convenience. More Coverage.<sup>1</sup>

**You already have access to the best of Kaiser Permanente through your traditional<sup>2</sup> plan. But as a Plus member, you get even more.<sup>3</sup>**

**With Plus, your choices are covered. Choose to see any licensed provider, anytime, up to 10 visits or covered outpatient medical services each year.**

## Your Plus Benefits

### Office Visits and Services<sup>4</sup>

You'll get up to 10 visits per year to see doctors who aren't associated with Kaiser Permanente (we refer to them as non-Plan Providers) for certain covered outpatient services. So if you have a provider you like, you don't have to switch. However, please note, your visits will still be covered, as long as you don't exceed the annual visit limit.

We've outlined the key services/items that count as a visit, covered under the Plus benefit in the "What's covered?" section.

We encourage you to review the list so you can better track your visits — and make the most of this benefit.

*Review your Evidence of Coverage for your specific plan details, including benefits, exclusions, and limitations.*

### What's covered?

You can use your visits for these types of items/ services (this isn't a comprehensive list):<sup>4</sup>

- Routine office visits (primary, preventive care)
- Specialty care office visits
- Mental health and chemical dependency
- Lab services, diagnostic X-rays, and select durable medical equipment provided during an office visit (each test, piece of equipment, and X-ray counts separately toward your limit)
- Physical, occupational, and speech therapy office visits
- Allergy injections received at an office

### What's the cost?

Here's more good news. Your cost share (copayment or coinsurance) is similar to the cost share for many of these services in your traditional plan.<sup>5</sup> However, your costs under the Plus benefit do not apply to your out-of-pocket maximum for the year.

### What's not covered?

The following benefits are not covered under the Plus benefit:

- Inpatient services
- Outpatient surgery
- Radiation therapy
- Screening colonoscopies
- Infertility
- Prenatal and maternity care
- Chiropractic, acupuncture, or massage services
- Genetic testing
- Contact lens fittings
- Dental care
- Special procedures
- Many other medical benefits that are not described as covered under the Plus benefit

Services not covered under traditional plan benefits will not be covered under your Plus benefit.

## Get the Most Out of Plus

To make the most of your Plus visits, you may want to save them for office visits with your favorite non-Plan Provider. You can do this by using your in-plan benefits for labs, X-rays, and other procedures.<sup>4</sup> That way, they’re covered by your traditional<sup>2</sup> benefit, rather than Plus. We can send results to your non-Plan Provider.

The examples below show you how a little preparation can help you maximize your visits.

Plus member scenarios	What counts toward the “Plus” visit limit?
<p><b>Jack, a Plus member, hurts his finger.</b> He visits a specialist who is a non-Plan Provider.</p> <p>Suspecting it could be infected and/or broken, the specialist orders a lab test and X-ray and directs Jack to other non-Plan Providers for these services.</p>	<p><b>Jack incurs 3 Plus visits:</b></p> <ul style="list-style-type: none"> <li>• Specialist office visit/exam: he pays “Plus” copay</li> <li>• Lab test from non-Plan Provider: he pays Plus coinsurance</li> <li>• X-ray from non-Plan Provider: he pays Plus coinsurance</li> </ul>
<p><b>Jill, a Plus member, hurts her finger.</b> Like Jack, she visits a specialist who is a non-Plan Provider. The specialist orders a lab test and an X-ray.</p> <p>Jill tells the specialist that she wants these services done at nearby Kaiser Permanente medical offices.</p> <p>She also gives the specialist a copy of the “Plus benefit: Information for Physicians” flyer, which outlines how to do this. Jill goes to Kaiser Permanente medical offices for her lab work and X-ray. Results are then sent back to the specialist (non-Plan Provider) to determine next steps.</p>	<p><b>Jill incurs one Plus visit:</b></p> <ul style="list-style-type: none"> <li>• Specialist office visit/exam: she pays her Plus copay</li> <li>• She does not incur Plus visits for the lab work and X-ray.</li> </ul>
