

School Board Policy Process

The Board of Education (the “Board”) for Mapleton Public Schools (the “District”) considers policy development its chief responsibility. The Board strives to reflect the community's values in its policies and commits itself to an ongoing effort to engage the community regarding policy-level concerns. The Board develops policies and puts them in writing to provide for the successful, consistent, and efficient operation of the District's schools and the high achievement of District students. Policy development shall be aimed primarily toward the continual formation and evaluation of goals and desired end results for students, rather than toward daily District operations.

The Board uses the policy development and codification system of the National Education Policy Network/National School Boards Association (NEPN/NSBA), as recommended by the Colorado Association of School Boards.

This system, while it may be modified to meet needs, is to serve as a general guideline for such tasks as policy research, drafting of preliminary policy proposals, reviewing policy drafts with concerned groups, presenting new and revised policies to the Board for consideration and action, policy dissemination, policy monitoring, and the continuous maintenance of the District's policy manual.

The policies of the Board shall be interpreted in accordance with State and Federal laws and regulations.

Policy Adoption

Adoption of new policies or the revision or repeal of existing policies is solely the responsibility of the Board. Proposals regarding policies may originate with a Board member, the Superintendent, staff members, parents, students, consultants, civic groups, or other residents of the District. A careful and orderly process shall be used in examining such proposals prior to action upon them by the Board.

The Board shall adhere to the following procedure in formally considering and adopting policy proposals to ensure thoughtful examination of the issues prior to final adoption.

1. First meeting: the proposal shall be presented as an information item.
2. Second meeting: the proposal shall be presented for a first reading, discussion, and first vote.
3. Third meeting: the proposal shall be presented for a second reading, discussion, and

final vote.

During discussion of a policy proposal, the Board shall seek out the views of the community and staff. The Board shall take action only after hearing recommendations of the Superintendent and interested groups or persons who attend the Board meeting.

Amendments may be proposed by Board members. An amendment shall not require that the policy go through an additional reading except when the Board determines that further study is needed or that an additional reading would be helpful.

Under unusual circumstances, the Board may temporarily approve a policy to meet emergency conditions.

Policy Revision and Review

In an effort to keep its written policies up-to-date, the Board shall review its policies on a continuous basis.

The Superintendent shall be responsible for calling to the Board's attention all policies that are out of date or for other reasons appear to need revision. Policy revision shall be accomplished in the same manner as policy adoption, except that revisions mandated by changes in law shall not require a second reading and may be adopted upon final vote at the second meeting.

Board Review of Regulations

The Board reserves the right to review regulations issued by the administration at its discretion, but it shall revise or veto such regulations only when, in the Board's judgment, they are inconsistent with policies and regulations adopted by the Board. The Board shall be provided with copies of all District-wide regulations issued by the administration.

Regulations shall be officially approved by the Board when required by State or Federal law or when strong community, staff, or student attitudes make it advisable.

Before issuance, regulations shall be properly titled and coded.

Policy Communication

The Superintendent shall establish and maintain an orderly plan for preserving and disseminating District policies and regulations. Staff will be informed of policy changes on a regular basis.

The Board's policy manual is a public record and shall be open for inspection at the administrative offices of the District and on the District's website.

Monitoring Policy Implementation

The Board shall continuously monitor the implementation of its policies to ensure that reasonable progress is being made toward achieving the Board's goals and that operation of the District is consistent with its policies.

Suspension/Repeal of Policy

In the event of special circumstances, the operation of any Board policy, including those governing its own operating procedures, may be temporarily suspended by a majority vote of Board members present at any regular or special meeting. This, however, shall not apply to any Board policy established by law or by contract.

Policy repeal shall be accomplished in the same manner as policy adoption.

Adopted September 26, 2017, by the Board of Education for Mapleton Public Schools.
