

Crisis Management (Safety, Readiness, and Incident Management Planning)

The Board of Education (the “Board”) for Mapleton Public Schools (the “District”) acknowledges the necessity of preparing a school response framework to adequately prepare school personnel, parents, and the community to respond appropriately to a crisis that involves the school community. Crisis situations that could impact the school community may or may not occur on school property and include but are not be limited to suicide, death, acts of violence, trauma, threats, natural disaster, and accident.

As an important component of school safety planning, the District shall take the necessary steps to be in compliance with the National Incident Management System (NIMS).

The Board directs the Superintendent (or designee) to develop, implement, and maintain a School Safety, Readiness, and Incident Management Plan (safety plan) including, to the extent possible, emergency communications, that coordinates with any statewide or local emergency operation plans already in place. The safety plan shall incorporate the requirements of State law.

*Adopted September 24, 2013, by the Board of Education for Mapleton Public Schools.
Updated January 23, 2018.*
