

## **Drug and Alcohol Use by Students**

Mapleton Public Schools (the “District”) promotes a healthy environment for students by providing education, support, and decision-making skills with regard to alcohol, drugs, and other controlled substances and their abuse. In order to accomplish this goal, a cooperative effort must be made among the schools, parents/guardians, the community, and its agencies.

It shall be a violation of District policy and considered to be behavior which is detrimental to the welfare or safety of other students or school personnel for any student to possess, use, sell, distribute, procure, or to be under the influence of alcohol, drugs, or other controlled substances. The unlawful possession or use of alcohol or controlled substances is wrong and harmful to students.

For purposes of this policy, controlled substances include, but are not limited to, narcotic drugs, hallucinogenic or mind-altering drugs or substances, amphetamines, barbiturates, stimulants, depressants, marijuana, anabolic steroids, any other controlled substances as defined in law, or any prescription or nonprescription drug, medicine, vitamin, or other chemical substances not taken in accordance with District policy and regulations on administering medications to students or the District’s policy on administration of medical marijuana to qualified students (JLCDB).

This policy also includes substances that are represented by or to the student to be any such controlled substance or what the student believes to be any such substance.

This policy shall apply to any student on District property, being transported in vehicles dispatched by the District or one of its schools, during a school-sponsored or District-sponsored activity or event, off school property when the conduct has a reasonable connection to school or any District curricular or non-curricular event, or whose conduct at any time or place interferes with the operations of the District or the safety or welfare of students or employees.

Students violating this policy shall be subject to disciplinary sanctions which may include suspension or expulsion from school and/or referral to law enforcement. Disciplinary sanctions and interventions for violations of this policy shall be in accordance with District policy concerning student suspensions, expulsions, and other disciplinary interventions.

Situations in which a student seeks counseling or information from a professional staff member for the purpose of overcoming substance abuse shall be handled on an individual basis depending upon the nature and particulars of the case.

Mapleton Public Schools, in recognition that drug and alcohol abuse is a community problem, shall cooperate actively with law enforcement, social services, or other agencies

and organizations, parents, and any other recognized community resources committed to reducing the incidents of illegal use of drugs and alcohol by students.

Whenever possible in dealing with student problems associated with drug and alcohol abuse, school personnel shall provide parents/guardians and students with information concerning education and rehabilitation programs which are available.

Information provided to students and/or parents about community substance abuse treatment programs or other resources shall be accompanied by a disclaimer to clarify that the District assumes no financial responsibility for the expense of drug or alcohol assessment or treatment provided by other agencies or groups unless otherwise required.
