

Relations with Military Recruiters, Postsecondary Institutions, and Prospective Employers

The following guidelines shall be followed by military recruiters, postsecondary institutions, and prospective employers with respect to access to school facilities and students for recruiting purposes.

All military recruiters, postsecondary institutions, and prospective employers shall be treated uniformly with regard to the conduct of on-campus student recruitment. A schedule of recruiters visiting the District's high schools will be announced to the student body in advance by each school's administration through school/District publications and/or by posting in District buildings. Recruiters will be allowed to conduct meetings during the school day with interested students.

Recruiters shall be permitted to conduct follow-up visits in order to meet with individual students upon the individual request of the student involved, and with the authorization of the high school administration and the student's parent/guardian. Requests for individual follow-up meetings shall be scheduled through the student's advisor.

All group meetings are to be scheduled through school administration. Classroom teachers who schedule organizational recruiters as a career awareness activity should coordinate those activities through the appropriate member of administration.

Directory and other student information shall be released to recruiters as allowable in accordance with State and Federal law and District policy JRA/JRC: Student Records/Release of Information on Students.

Adopted January 23, 2018, by the Board of Education for Mapleton Public Schools.
